

# Castle Wasaga Beach

## COUNTERTOP EDGE PROFILES

With this selection of 9 different postformed, front-edge laminate profiles, we are able to supply edges ranging from the traditional **Sienna** profile to the modern **Vintage** profile.

Our thicker than the industry norm particle board core, makes our front edge profiles look bolder than our competitors.

Have a look at each of these countertop profiles below to see which one matches the look and feel you are going for in your kitchen, bathroom, bar or office setting.
